EXPERTISE

High-Tech

BIO

Noa is an intern in the firm's High-Tech Department, which focuses on providing legal solutions to private high-tech companies at all stages of their activity. In her role, Noa assists with comprehensive legal support, ranging from company formation, through financing transactions, mergers and acquisitions, to the management of day-to-day legal issues.

Noa holds an LL.B. in Law and a B.A. in Business Administration from Reichman University, and was named to the Dean's List in academic years 2022–2023 and 2024–2025.

Prior to joining the firm, Noa gained diverse legal experience, serving as a legal assistant to a judge at the Tel Aviv Magistrates' Court, while simultaneously working as a pre-intern in the civil litigation department of a leading law firm.

During her studies, she coordinated the Local Government Clinic, where she assisted individuals and organizations in dealing with taxation issues of local authorities, and volunteered in the "Community Courts" project, providing litigants with guidance and support throughout legal proceedings. Noa also participated in the firm's High-Tech Honors program.
