EXPERTISE

Healthcare and Life Sciences | Corporate and Commercial

BIO

Avital Bruker-Yamin is a partner in the firm's Corporate & Commercial Department, specializing in healthcare, life sciences, and pharma. Within this capacity, she provides comprehensive legal consultation to companies regarding all their legal affairs. The expert advice Avital offers covers a wide range of issues pertaining to the fields of health and life sciences, including health-related contracts and transactions, regulatory compliance, business development, digitalization of services, data protection, and more.

Avital is deeply familiar with health law, and consistently advises healthcare providers, medical equipment companies, and pharmaceutical firms on various regulatory issues. Her expertise in this area spans areas such as compliance, patient-provider relations, privacy and security, telemedicine, and the digitization of the healthcare realm. Furthermore, Avital represents companies in health sector transactions, including deals between healthcare providers and insurers, the acquisition of medical equipment, service agreements, IT agreements, collaboration agreements, distribution agreements, and the like.

Avital speaks both Hebrew and English.

RECOGNITION

LEGAL500

"Avital Bruker Yamini is very professional, fast and pleasant. I find that her thinking is always deep and outside the box, and her consulting provides a very highly added value."
