EXPERTISE

Cyber and Data Protection | High-Tech | Intellectual Property | Emerging Technologies and AI

BIO

Ido Zahavi’s practice focuses on the representation of technology companies, including startups, established and international corporations, with an emphasis on emerging technologies, licensing agreements, privacy, consumerism, and other general commercial and corporate matters. He has significant experience in managing complex commercial transactions on behalf of clients in various fields and industries, including automotives, AI, blockchain, climatech, cleantech, fintech, proptech, retail, sportstech, and travel tech, among others.

Ido is a Certified Information Privacy Professional/Europe (CIPP/E) and a Certified Information Privacy Manager (CIPM). He advises clients on privacy protection matters under Israeli and EU law, including compliance programs and commercial matters.
