## EXPERTISE

**Real Estate** | **Corporate and Commercial**

## BIO

Ravid Saar’s practice focuses on various aspects of real estate, commercial law and legal counsel for real estate companies. As well as providing ongoing legal support to leading companies and entrepreneurs, she has provided legal support and advice for a variety of real estate projects and transactions, including in the contexts of urban renewal, group acquisitions, combination transactions, financing, contractor agreements, sales agreements, lease agreements and registration of transactions. Her clients include leading real estate companies, early-stage entrepreneurs, capital holders and purchasing groups.

When working on complex urban renewal transactions, such as Pinui Binui (Evacuation and Reconstruction) and TAMA 38 (representing developers), Ravid’s involvement starts from the stage of entering into an agreement with the landowners, continuing throughout the planning and financing stages, to entering into agreements with contractors and consultants, selling the developer’s apartments, and registration of transactions. She also handles acquisition groups in residential, office and commercial projects, and complex combination, sale and lease transactions.

Ravid is fluent in Hebrew and English. She received her LL.B. from the University of Haifa in 2014 and was admitted to the Israel Bar in 2015. She joined the firm as an attorney that year, and has been a partner since 2023.

**Education**

2014 Haifa University | LLB

2008 Haifa University | BA in Human Services, Sociology and Anthropology

**Admission**

2015 Israel
