EXPERTISE

Emerging Technologies and AI

BIO

Yuli Rubinsky practices law in the firm's Emerging Technologies and AI Department, offering comprehensive legal services to entrepreneurs and startups across various business stages. She provides ongoing legal support in the areas of corporate governance, financing rounds, employment matters, and commercial transactions, ensuring clients receive assistance throughout their day-to-day operations.

Yuli's focus spans fintech, blockchain, and cryptocurrencies, encompassing issues such as international financial regulations, AI and machine learning, Web 3.0, metaverse, gaming, and financial compliance.

Yuli is fluent in English, Hebrew, and Russian.
