EXPERTISE

Administrative Law | Projects, Infrastructure and Energy | Commercial Litigation | Public Tenders and Government Contracts

BIO

Omry accompanies public and private entities in international tenders and projects in a variety of fields such as infrastructure, transportation and energy.

Omry's practice includes advising tender committees regarding all stages of the tender process – from its early stages, drafting of documents, litigation, as well as representing public and private entities throughout the financing, development, construction and operation phases of a project.

Omry speaks English and Hebrew fluently.

Omry finished his internship in the firm and joined it as an associate in 2024.
